Introduction

Writing is the ability to communicate a thought or idea by arranging words, numbers and symbols - whether on paper or on a computer. Writing skills are used in every job and in many aspects of life (e.g. writing memos, emails, letters and greeting cards).

You are about to complete a needs assessment for **Writing, Level 1**. This is not a test – it is an opportunity to help identify your writing skills strengths and areas you may want to consider improving. This information will help you to make decisions about job skills training and job searches.

Instructions

1. You will have an assessor present with you (i.e. an employment or career counsellor) while you complete the assessment. **Feel free to ask your assessor questions at any time.**
2. Each assessment question in this booklet describes a typical workplace task that shows how writing skills are used in different jobs in Canada.
3. All tasks in this assessment are in open answer format – there will be a space provided after each question for you to write out your answer. There is no set length but some questions will suggest that your answer be “short” or “between 1 and 2 sentences”. If you require more room for your answers, there are extra pages at the end of the assessment booklet.
4. If you have difficulty answering a question, you can move on to the next task and return to it later.
5. Take your time to complete the questions – there is no set time limit.
6. You can take a break at any point during the assessment. You can also choose to stop the assessment and have the option to re-schedule for another time.
7. Once you have completed all the questions, or as many questions as you can, your assessor will review them with you.

Here is a sample question to help familiarize you with the assessment format:
