Reading Indicator A Guide for Employers

This tool can be used by employers to learn more about the **reading** skills of their employees. It gives an indication of skill levels by providing examples of Level 1 and Level 2 assessment questions. Using this tool allows employers to:

- obtain useful information about the skills employees bring to the workplace;
- identify current employees' training needs; and
- improve workplace training to target specific skill areas for improvement.

The questions duplicate actual workplace tasks performed in a variety of occupations but they do not require specialized knowledge to be answered.

Instructions:

1. Ensure that employees read and understand the instructions prior to completing the Indicator.
2. Detach the *Correction Sheet* from the questions section.
3. Set a time limit for employees to complete the Indicator. Typically, it should take no more than 20 minutes to complete.
4. Mark the Indicator using the *Correction Sheet*, awarding one mark for each correct answer. Do not award partial marks.

Helpful Tips:

- Employers may want to give employees the opportunity to self-administer and mark the tool.
- Scores should always be kept confidential.
- Indicators are also available for other essential skills.
- If employees do not achieve at least a Level 2 on the Indicator, you may want to consider offering training and support to improve **reading** skills.

Reading Indicator A Guide for Learners

The Essential Skills Reading Indicator is a tool designed to help you better understand your **reading** skills. It consists of 10 examples of assessment questions to give you an indication of your skill level. The first 5 questions are easier (Level 1) and the next 5 are slightly more difficult (Level 2).

Essential skills levels range from Level 1 (basic) to Level 4/5 (advanced). You can use the Indicator to help identify if **reading** is an area where you might need some additional training. Improving your skills can help you perform your job more effectively or prepare for a career change.

The questions in the Indicator are based on actual **reading** tasks performed in the workplace. You do not need specialized knowledge to answer any of the questions.

Instructions:

1. Allow yourself no more than 20 minutes to complete the Indicator.
2. Write your answers directly on the Indicator in the space provided.
3. If you are marking your own Indicator, use the *Correction Sheet* provided at the back. Give yourself one point for each correct answer. Do not give yourself partial marks.

Helpful Tips:

- If you do not know the answer to a question, skip it and move on to the next question. You can always come back to it later.
- Use the Indicator to help identify areas in which you may need skills upgrading.
- Indicators are also available for other essential skills.
- If you did not achieve at least a Level 2 on the Indicator, you may want to consider upgrading your **reading** skills.

Question # 3

Look at the e-mail inquiry below.

What is the employee's usual paycheque amount (after taxes)?

Circle or underline your answer in the text.

Good afternoon,

I have a question about this week's paycheque. Every two weeks I earn \$1,200. After taxes, I am usually left with a total of \$935. This week an extra \$25 was taken off, leaving me with a total of only \$910. Can you please explain why this paycheque is different from the others?

Thank you,
Julie

Question # 4

Look at the hotel fax below.

On which day of the week is the client scheduled to arrive at the hotel?

A patient's treatment is expected to cost more than \$1,000.
What does the patient's dental centre need to submit to Apple Insurance?
Circle or underline your answer(s) in the text.

Apple Insurance
5589 Bank Street Suite 200
Ottawa, ON
K1K 2K2

Apple Insurance Your health is our primary concern

IMPORTANT NOTICE ABOUT CHANGES TO YOUR POLICY

Please note that there have been amendments to the Dentalcare Plus plan, effective immediately.

If treatment is expected to cost less than \$300, the dental care centre does not need to notify Apple Insurance in advance.

If a patient's treatment is expected to cost more than \$300, the patient's dental care centre must submit a treatment plan to Apple Insurance.

If the treatment is expected to cost more than \$1,000, the dental care centre must also submit x-rays.

The reimbursement limit for dental procedures will increase on May 31, 2007. The new reimbursement limit is \$1,500 per year, including spouses and/or dependents.
